

ROLL OF HONOUR

NOTES – Club Records, via our Annual Reports, are only held from the 1928/29 season with missing reports – season 1929/30 and 5 seasons during the second world war 1940/41 – 1944/45 inclusive. During WW2 there was only limited competition and friendly matches played.

From other records, especially those of Sub District Honorary Historian, Peter Vesty, we are presently preparing to add additional information to our Role of Honour.

The additional information will relate mainly to first eleven records covering games played plus runs scored and wickets taken. Peter has painstakingly extracted this information from newspaper records covering Sub District in the years leading up to the Second World War. We are now extracting Caulfield's statistics from Peter's collection. We are indebted to Peter for his generous provision of his records. Peter's assistance allows us to record more accurate records of our pre WW2 heritage.

We anticipate the completion of this project, subject to appropriate audit, during the coming season. It will also allow us to add more comprehensively to our proposed publication of a Club history document in due course.
